As with any traceability efforts, this is a snapshot that reflects our 2023 supply chain-mapping based on a mix of self-declaration and verification and should not be taken as fully exhaustive nor fully accurate as supply chain flows evolve regularly. To the best of our knowledge, the information contained in this list is reliable as of the date of publication; however, we do not assume any liability whatsoever for the accuracy and completeness of this information. Therefore, no rights can be derived from this list.

We aim to share accurate and credible traceability data. Any stakeholder who may have any reliable data that is inconsistent with our own is invited to share it with us, so we can analyze it and make any necessary correction to our supply chain disclosure.
